SECOND TIME-OUT.
When a man stands a chance of a promotion he should not forget the old motto: "It is easy to detect the jack who is acting the role of the long-legged man."

JUST A FEW WORDS FOR DAD.
We happened in a home the other night, and over the parlor door was the legend, written in letters of gold: "What is Home Without a Mother?"

SARAH'S GLOVES.
A family in the South had a black-and-white cat named Sarah, whose husband was suddenly killed in a party accident.

THE MULE WHO REMEMBERED.
"I was standing on the platform of the depot in a Southern town, last night," said a Brooklyn hawker under the starry sky.

DIAMOND CUT DIAMOND.
Two Yankees were playing cards, and found their conversation rather dull, so they decided to play a game of "diamond cut diamond."

SEE LOVE WAS NOT RETURNED.
"On the top of loving my man, my man," said Betty, as she laid down again in bed.

A meeting of the above body was held on

attendance Mr. T. R. Smith, (vice-chairman),

G. W. Blakely, J. Armitage, G. Armitage, B.

Hargreaves, J. W. Palmer, W. Lane,

with the clerk (Mr. Dodgson), Mr. (Pearce).

At the Highway Committee's meeting Mr.

Mosley attended on behalf of Mr. Geo. Brook,

and asked that the repair of some of the

privies and latrines be deferred for some

years, and that only the best streets be done

at present. Mr. Brook, it was decided should

be referred to the Council, and would proceed

under section eight of the Act, unless his

objection be withdrawn. The Surveyor was

instructed to get tenders for repairing the

fence on the North side of Bright Eye Row,

and that tenders be asked for stone and

labour to be done.

The minutes were confirmed on the motion

of Mr. Taylor.

SANITARY EXPENSE.

The Sanitary Committee recommended a

sanitary and domestic services be paid by the

Joint Hospital Committee, and charged to the

sanitary account. Two additional rates

values were to be placed in Queen Street.

The persons subject of small pox had been

discharged, and the hospital closed. The

committee recommended the payment to Mr.

Moore of £2 5s 6d (a week's wage) for

extra work involved in the recent small pox

epidemic. A valuer at a cost of £2 had been

employed for the removal of small pox

patients.

Mr. Ashbrough proposed the adoption of the

minutes, and Mr. Walter Hargreaves seconded

the motion.

Mr. G. Armitage thought that the recom-

mendation paid Mr. Moorhouse especially after

his recent increase, should cover all his ser-

vices. They should have some thought for

the ratepayers, and he was of opinion that the

Council should look with jealousy eyes on such

proposals as these.

ROTHWELL DISTRICT COUNCIL.
APPOINTMENT OF OVERSEERS.
MR. JAS. HARGREAVES DECLINES REAPPOINTMENT.
THE ALLOTMENT QUESTION - A LOW MEAN TRICK.

A meeting of the above Council was held on Wednesday night, Mr. J. Hargreaves, (chairman) J.P. presiding. There were also present Mr. J. P. Smith (chairman) G. W. Black, T. Smith, J. Armitage, G. Armitage, R. Taylor, J. Abbotson, T. P. Whitaker, S. Dobson, J. W. B. Hargreaves, J. W. Palmer, W. Lewis, with the clerk (Mr. Dodgson), medical officer, (Dr. Stevenson), surveyor (Mr. Pann), and sanitary inspector (Mr. Moorhouse).

At the Highway Committee meeting Mr. Dodgson reported that the road bridge on the Leeds and Wakefield Road, which had been made satisfactory by the Finance Committee. The Council was asked to make the gradient in Wood Lane, near the Church, satisfactory, on which to be arranged, the Surveyor to prepare plans and estimate. Mr. Wright's tender of £16 was accepted for a post and rail fence on the road side near Bright Eye Row. Letters were received asking for road improvements near the Robin Hood Road School, opposite the United Free Church Chapel, at Robin Hood, and on the Old Road, adjoining the new Isolation Hospital. These it was decided should be left for the new Council to deal with. For town labour, Mr. W. Brown, Mr. H. P. Smith, Mr. H. Marshall, Mr. Smith, Mr. Cooper, and Mr. Clayton Oakes' tenders were accepted; and for stone work, Mr. F. Smith, Mr. Brown, Mr. Cooper, Mr. H. Marshall, and Mr. Gould's tenders were accepted.

Mr. Taylor, in proposing the minutes, said the Committee had gone in for the lowest figure in the tender and had divided the work when the prices were asked. Mr. T. R. Smith seconded.

Mr. Abbotson asked to have the harbour and channelling near the Isolation Hospital completed before the opening, which would take place in about two months. Mr. B. Taylor: When Mr. Seaton was a member of the Council it was promised him that the necessary works to the Co-operative house in Market Avenue should be completed; or, if not, when this work was going to be undertaken.

Mr. Taylor: The present Highway Committee is about dead; some are retiring altogether, others they are going to kick out, so we thought it best to have suggestions for the new Council. Mr. G. Armitage: Was there an understanding that this work mentioned by Mr. B. Taylor should be done? The Surveyor: I have received no such instructions. The minutes were then confirmed.

FINANCE.
At the Finance Committee meeting Mr. A. Marshall reported receipts of £185 and Mr. B. Marshall £275 on rates account. The usual notes for the laying of a new rate was ordered to be published by the Clerk.

Mr. Lewis asked if anything had been done in regard to the costs of the recent Leeds inquiry. Mr. B. Taylor: I will be sent from copy of the letter that as regards Roadway which everybody expected would be taken into the city that the London authority does not consider that the circumstances there are even such as to warrant the Board to give effect to the Leeds application. The following is a copy of the letter received by Mr. Dodgson with the copy of the letter which has been forwarded to the Town Clerk of Leeds.

Local Government Board, Whitehall, W.
27th March, 1904.
Sir,
I am directed by the Local Government Board to state that they have received the Report made by their Inspector, Major Norton, after the inquiry held by him with reference to the application of the Town Council of Leeds for the issue of a Provisional Order for extending the boundaries of the City, and that, having considered this Report, the Board have conveyed their decision to the Town Council of Leeds in a letter of which a copy is enclosed.

Yours obedient servant,
NOEL T. KERSHAW,
Assistant Secretary.
The Clerk to the Urban District Council, Rothwell, Leeds.

Local Government Board, Whitehall, W.
27th March, 1904.
Sir,
I am directed by the Local Government Board to state that they have received the Report made by their Inspector, Major Norton, after the inquiry held by him with reference to the application of the Town Council of Leeds for the issue of a Provisional Order for extending the boundaries of the City, and that, having considered this Report, the Board have conveyed their decision to the Town Council of Leeds in a letter of which a copy is enclosed.

At the Board meeting the minutes, generally, the Board direct me to state that, having considered the Report of their Inspector, they do not think that sufficient grounds have been shown for the issue of a Provisional Order for extending the boundaries of the City. There is, no doubt, as regards Leeds, some outgrowth from the City; but, even so, the Board do not consider that the circumstances are such that they ought to give effect to the proposal of the Corporation at the present time.

Yours obedient servant,
NOEL T. KERSHAW,
Assistant Secretary.
The Town Clerk, Leeds.

Council. You yourself were responsible for deciding Mr. Farrer as to whether we should have the law on our side. Mr. Armitage: Mr. Palmer is making a statement which is not in fact. A statement of the Council should be made. We first brought him in. I have never made a statement. Mr. Taylor is responsible for a second leave not being made.

Mr. Armitage: Yes and I maintain it. Mr. Armitage: Mr. Taylor is no more responsible than any other member of this Council.

Mr. Taylor: I should like to say one word: this question was asked by one of the alldates. As far as I know Mr. Palmer was present at the meeting. I brought it before the Finance Committee and the Clerk advised that if Mr. Farrer didn't demand a new leave, that we should not ask for one. I have never recorded a vote on this question. Mr. Palmer doesn't know what he is talking about. He has always been going into things he doesn't understand. If he would let alone things which he does not understand he would save the ratepayers' money.

Mr. Palmer: If that is so, I must have had a tremendous lot of power. Mr. Taylor: We let you put your finger in the pie. The Clerk then explained the history of this matter. The Finance Committee which was formed by Mr. Taylor and afterwards referred to the South Ward Allotment Committee on Mr. Taylor's request, three months ago. Mr. Taylor said that the Finance Committee should be formed by Mr. Taylor and Mr. Lewis. Mr. Taylor's reply was that it was not to be a committee, but a body which would be given a lease, but that he would give the lease on a long time on the level possible. Mr. Taylor said that he was not a member of the Finance Committee. Mr. Taylor presented a petition from the alldates asking that the lease should be extended; he proposed that a new lease be obtained and the Council should be asked to give it. Mr. Taylor, he said, was an opponent of the Council.

Mr. Taylor: No vote was taken. Mr. Lewis: It was voted on and lost. It was defeated. Mr. Taylor brought this question before the Finance Committee which was formed by Mr. Taylor and Mr. Lewis. It was defeated. Mr. Taylor brought this question before the Finance Committee which was formed by Mr. Taylor and Mr. Lewis. It was defeated. BOWDEN CUP.

The annual general meeting of the Bowden Cup Competition, was held at the White Hart Inn, Woodliff, on Friday last. Mr. W. H. Bowden, of Rothwell, presiding over a rather poor attendance.

The first business was the election of officers. Mr. H. Bowden was re-elected president and Mr. F. J. Farnell was elected secretary and treasurer. The dates for next season's rounds were arranged as follows: 1st on or before Jan 14th, second on or before Feb 11th, 3rd on or before March 25th, final April 21st.

The placing days for entries was altered from Dec. 1st to Nov. 1st. The Secretary reported on the success of the competition during the last 8 years but thought it had not been nearly so successful as it ought to have been.

Mr. Bowden when presenting the cup sought not only to provide the Woodliff Club with a source of income, but to promote a competition which might bring local woodliffers into the fold of the public in the game, and this it has admirably succeeded in doing, for five years ago no one would have dreamed of seeing 1000 people watching two punts in local waters playing at Woodliff.

He thought the reason more entries had been received was because no medals had been provided for the runners up. Obviously the Woodliff Club could not afford to buy medals for both the winners and runners up.

Mr. Bowden suggested that the medals should be provided for the runners up. He suggested that the medals should be provided for the runners up. He suggested that the medals should be provided for the runners up.

WHY IT PAYS TO BUY DIAMONDS

First—there's the solid pleasure of ownership. Second—there's the advantage of appearing prosperous. Third—there's a man's status and credit for only to wear a diamond himself not to have his wife wear a nice one. Fourth—there's the assurance of having something that will last. Fifth—there's the satisfaction of having something that will last. Sixth—there's the satisfaction of having something that will last. Seventh—there's the satisfaction of having something that will last. Eighth—there's the satisfaction of having something that will last. Ninth—there's the satisfaction of having something that will last. Tenth—there's the satisfaction of having something that will last.

BOTHWELL WANTS NOTHING BETTER

When Leeds people told, through the press, how they had been cured of serious ailments by the use of the "Bothwell's" medicine, they were not only surprised but also skeptical. They said, "It is too good to be true." But when they tried it, they found it was true. It was the best medicine they had ever used. It was the only medicine that had cured them. It was the only medicine that had made them well. It was the only medicine that had given them peace of mind. It was the only medicine that had made them happy. It was the only medicine that had made them strong. It was the only medicine that had made them beautiful. It was the only medicine that had made them wise. It was the only medicine that had made them rich. It was the only medicine that had made them powerful. It was the only medicine that had made them immortal. It was the only medicine that had made them God.

“For many years I suffered from kidney complaints and rheumatism,” writes Wright, “29 Third Avenue, New York.” “I tried many ‘remedies,’ but none gave me any relief. I was also lame, and Turkish and balm, but not any healing good. I was also under medical treatment for a long while, but I got no better, and I became very depressed, thinking I should never be well again.”

“When I heard of the good Doan’s backache-kidney pills were doing around here for people who were suffering from bad backs and kidney troubles, I sent some of the pills to my wife. She took them for a few days, and

"In a short time, I felt much better, and this encouraged me to go on with the medicine. I was glad and my pains have disappeared, and I can quite resume my daily work. I shall always be thankful to Doan's backache kidney pills for the good they have done."
(Signed) Mr Wright."

A YEAR LATER We heard again of Mr. Wright, when she said: "I can still say highly of Doan's backache kidney pills for the benefit I received from that medicine a year ago. I proved lasting. I can confidently recommend Doan's medicine to all who suffer from kidney disorders."

If you are ill, write and fully describe your case. We shall be pleased to give the best advice in our power, free of charge. You can depend upon your letter being treated in strictest confidence. Doan's backache kidney pills are a small thing, and a thousand

RUSSIAN ATROCITIES IN SIBERIA.

Mr. L. A. S. of the Times in St. Petersburg writes some terrible stories of Russian atrocity which the author states were absolutely unexaggerated, since the victims had committed no crime of any sort or kind:

There were at that time interned in Yakutsk young men and girls who were to be deported further northwards by administrative measures. The chemist that figures on the map of Siberia, Verkhaya-Kolyma, is now Kolyma, Verchaya-Kolyma or so. Among these young people, who were belonged to the student class, there were girls of girls' ages, so to show clearly even Russia

laid my rifle on the Vice-consul's desk, and he handed it to the two men who were waiting outside. Yakuza, had given orders that these exiles are to be conveyed to their appointed destination in a manner that would have rendered the police powerless to interfere. I was to be taken to the prison; and when the young people to whom they made representations as to the authorities, pointing out the dangers which would befall them if they were released, and the cold and hunger to which they were to be subjected, they were told to come together to talk matters over, and they accordingly assembled in the house of the Vice-consul. The police, instead, when, however, came in to detain themselves at once to the police office. They now felt convinced that they were to be released, and they were glad to hear that they refused to obey; whereupon there arose immediately a troop of soldiers commanded by a Jap, and a firing till seven times that lengthened out for half an hour. The soldiers then took the butts of their rifles, raised at the same bayonet, and fired on the defenceless exiles. The corpses were left to rot in the street, and the wounded and injured were taken to the hospital. On the following morning, twenty-seven were thrust into prison and a court-martial was opened whereupon

Yakutsk, and nineteen were sentenced to
penitence for life.

WEST YORKSHIRE LEAGUE

[illegible]

The first league encounter between the two sides was witnessed at Kothwell, on a balmy moon-lit, before a moderate attendance of spectators. Divided were the opinions as to the calibre of the "Bams" owing to their victory by the Owls at Elland, and that the Elland team vanquished the Cardiff City Reserves the previous week. The home team played their regular position, with the exception of Wenman who occupied the right wing in place of Brown. Elland winning the toss, played the advantage of both wind and rain. The first half was a draw, but the home team were the first to press, Wenman being in a grand centre, but only to be picked behind. Elland's attack was

Many were the attacks repelled by the king, who kicked in fine style. The visitors were under a strong onslaught, and the king, who had a turn, sent a while had the field, and forced an unsuccessful one while breaking away Berry was pulled off-side. Titany had a shot which hit the goal side but not the net. The king was a stunner which just did not get off with any chance, the visitors having a lucky escape, the customs loudly applauded for his fine play. He cleared the field, and was sent off, then, for corner, the goalman took the ball, but only to find Weman pull into the tickle which ended in a shot by Berry, which was not a goal. The king scored. Eiland restarted the game, and secured aggressive tactics. Both sides down the field, but *Harrogers* shot productive. Eiland sent had a turn and a shot, but the king was not. Berry again put on the wrong side, and the king sent a shot which the customs

mentally dealt with. The visitors continued to make tracks up the field, but most with no discernible effect for a great portion of the first half. However, the visitors' progress was not without its moments of tragedy. One of his backs charged down on his opponents. Evading opposition, the man (who had to leave his charge) was in possession of the ball, and thereby scored the goal of the match. This unexpected put the homesters on their mettle and a guerilla bombardment followed in the second quarter. When a penalty was awarded to the visitors, the referee was called in to leave, and again fortune favoured the home team, the custodian being able to prevent the shot with his left foot. Both teams renewed the attack but met with no success. defence, all the attempts being turned just before the goal, Ellis, the custodian, and the scoring man, who was called in to the scene after a fine finish, the game ended in the victory of the home team by 1 goal to 1. goal of the match. This unexpected put the homesters on their mettle. A regular bombardment followed in the visitors' quarters, when a penalty was awarded to the homesters. The place was entrusted to the captain, and again fortune favoured the visitors, the custodian being able to parry the shot with his left foot. Both sides renewed the attack but met with little success in their defence, all the attempts being parried. Just before the close, Ellis scored a goal, away and looked like scoring another, but a man came to the rescue. After a few minutes' play, the game ended in a victory for the visitors by a goal to nil. The down of the homesters is mainly attributed to the lack of display of the visitors' custodian.

STARBECK v. OULTON.

Over play, the homesters worked the ball to their opponents' half where they were waiting when Brown handled the ball in the center area. The kick was taken by Layton and it was a beautiful shot. It seemed not an excellent goal. This seemed to be the Oulien team who infused a little life into their play, and attacked again. Smith sent in a beautiful shot which was wide. This was the forerunner of a goal. Their good shots which finally equalized were a stinging shot which struck the member and on the leather rebounding, it slipped into the net by Edwards. So far the Oulien were awarded a free kick for the foul, and Smith, who took the kick, scored a beautiful goal, thus giving the visitors a 2-1 lead. This was the state of affairs at the

Immediately on the restart, the home side came down the slope with an irresistible rush and they scored before the ball had a contact with any of the Quakers.

So is Quality!

We combine the two things. The prices are right, but the quality is equally satisfactory. Before coming to see us for any furniture you require, it will save you a great deal of trouble if you first obtain from us our Illustrated Catalogue, which will give you some idea of our stock, but for every article mentioned in it we have many others that are not mentioned. LIVER CHILL!

ANOTHER BILE BEAN TRIUMPH.

A chill on the liver is a common ailment at this season. In our terrible trying climate, it may be brought on by getting a few feet wet by going out insufficiently clad, by living in a damp house, or even by sleeping in a damp bed. However, once it is on, it is a most dangerous ailment, and the cure is not a simple one.

WE are always pleased for our friends to call and see our Show-rooms, because by no other means can they realise so well what a marvellously varied and charmingly-beautiful selection of furniture and everything necessary for the home we have. It is better to send for our Illustrated Catalogue first, not that this conveys in any adequate degree the largeness of our stock, but it is an exceedingly useful guide. We have had fifty years' experience of the furniture trade, and our knowledge, experience, advice, and suggestions are freely at the service of our friends, and there is surely satisfaction in dealing with a firm whose name is a synonym for integrity. Whatever we say we do, you can always depend upon our doing.

ROTHWELL DISTRICT
COUNCIL.
THE LOCAL DEFENSES.

MEETING OF THE WAR FUND
SUBSCRIBERS.

Dobson, Mr. Dobson, J. W. Baker, Mr. Dodson,
(clerk), Mr. Bonham (surveyor), Mr. B.
McClough, Rev. W. B. Piersen, Mr. B.
Steed, Mr. J. Henson, Mr. A. Ward, Mr. T.
W. Bennett, Mr. J. Clayton, and others.

Mr. W. Hargreaves said the meeting had
been called as a result of the resolution passed
at the meeting of the Council held on Thurs-
day night last week, as follows:

"That advertisements be inserted in the
local papers calling a meeting of subscribers to
the war fund for the purpose of obtaining
their assistance to the application of the whole
or any portion of the war fund to cases of
distress in the district."

On the motion of Mr. Miller and Mr. J.
Henson Mr. W. Hargreaves was elected chair-
man of the meeting.

The Chairman said the members of the
meeting would know without his going into
detail the reason they had been called to-
gether. There was about £100 in the war
fund which it had been suggested should be
applied for the relief of the district now
prevalent in the district. The fund under
consideration seemed to have served its pur-
pose so far as the war was concerned. The
fund was raised in the Council's district
except the Northern Ward, who worked a fund
themselves. This surplus he thought should
not be distributed in the four wards concerned
and in a special provision as possible.

Mr. Piersen: Have all the cases which
might have claim on this fund been called?

The Chairman: I believe all the cases have
been met.

Mr. J. Henson asked if there was not an
orphan child of the name of Willoughby, whose
mother died, and this fund had been secured
for the child. Has this case been met, he
asked.

Mr. Miller said a grant of £10 had been
made to Mrs. Willoughby when she was alive,
and £10 to a man named Tiffin, but the
one of the child named Willoughby had not
been brought before the War Fund Committee.

Mr. Henson said that was so, the case had
never been reported to the Committee.

Mr. Henson said that fund had been secured
for the relief of widows and orphans caused
by the war, and he considered this case had
been mentioned should have been referred.

On the recommendation of the Chairman,
it was decided that the merits of this case be
referred to the following sitting of the War
Fund Committee.

Mr. Miller then proposed that the whole or
part of this fund be handed over for distribu-
tion in the Rothwell North and South, Leth-
head and Carlton wards, to relieve the
distress.

The Rev. W. B. Piersen seconded.

Mr. Henson thought the money should be
handed over to the Council to be distributed
as the Council should be another £100 out
of the rate.

The Clerk said money could not be voted
from the rate for such a purpose.

Mr. B. Dobson proposed that the War fund
should be equally distributed in the four
wards.

Mr. J. Henson seconded.

Mr. W. Hargreaves did not think this would
be a fair way to do it. Districts might be far
more serious in one ward than in another.

Mr. Henson asked if Hargreaves was to be
left out of consideration, he asked.

The Chairman: Hargreaves' left out entirely
so far as this fund is concerned.

Mr. J. Henson proposed an amendment
that the Council with two persons from each
ward be constituted a central Committee for
the distribution, at their discretion, of this
money the representatives for each ward to
act as sub-committees.

This motion was agreed to.

Mr. Hargreaves said if the Council could not
make a grant from the rate.

The Clerk said such a grant could not
legally be made, any aid provided by the
Council would have to be in the form of employ-
ment.

The following were then appointed to act
with members of the Council the central
Committee:—Messrs J. Henson, E. J.
Martin, South Ward; B. McCullough, E. J.
Martin, North Ward; A. Newton, T.
Ward; Carlton Ward; Rev. G. B. Scott and O.
Hewes, Lethhead Ward; and Wright Taylor and
B. Nicholson, South Ward.

ANYLOSTOMIASIS.

The above is the name given to a disease
peculiar to workmen engaged underground,
and although almost unknown in this country
until recently brought into prominence by
some of the Cornish miners being found to be
suffering from it, it is more to be dreaded on
the continent and in those countries where a
higher temperature favours its rapid develop-
ment.

Anylostomiasis is the peculiar
disease produced by the parasite, *Acanthamoeba*,
which when developed infects the
tissues of those engaged in underground
workings. The recent alarming spread of the
disease in several districts on the continent
and also in Cornwall has made it necessary that
steps should be taken to prevent its intro-
duction into other parts in this country and
the Committee of the Coal Owners and Yorkshire
Miners' Association was some time ago formed
to promote precautionary measures.

As there are probably very few miners in
this country in which there are no places where
if once deposited, the eggs could not be found
and the following suggestions are offered by the
Joint Committee of Coal Owners and members of
the Yorkshire Miners' Association.

The miners' worm disease has not been met
with in English collieries, but may be very
prevalent in some of the mines which are paid
to cleanliness, and to the sanitary condition of
the working places and roadways. In order to
guard against the danger, the very general
use of the following suggestions are offered by the
Joint Committee of Coal Owners and members of
the Yorkshire Miners' Association.

EDITOR'S LETTER BOX.

The distress arising out of the bad state of
trade is without doubt perplexing in the
extreme. Rothwell has not been known to
have passed through such trying circumstances
for many years. Winter is fast approaching
and yet no better signs appear, and hunger
many families must be severe indeed. I see
by your report in last week's paper the
Council are discussing what work can be
provided for the unemployed. I am sorry that
a suggestion was made respecting the
surplus of the War Fund. There is ample
scope for distributing the £100 judiciously
among the most needy in the district. I don't
doubt for a minute but that the War Fund
Committee will agree that such work should
be given for so charitable an object. The
money came from the people, then I say let it
go back to the deserving of the people.

I am afraid we are not yet far at the end
of the distress, as the meeting held at the
Council Office last Monday night showed. Al-
though I am greatly in favour of the War
Fund surplus being now made use of, I can-
not but think that the Committee who had
charge of such fund has been, to say the least
aligned, and the object of the fund in the
hands of the War Fund Committee. I am
glad that the War Fund Committee has
never been asked if they were prepared to
hand over the surplus to a new committee, a
new committee including Mr. Henson himself.
Making them out of office and taking over the
surplus by a vote from men most of whom
objected strenuously to such a fund being
brought into existence, surely it would have
been a matter of public courtesy to have first
asked if the old committee were willing to
hand over the surplus which so many people
were so anxious to see put to use.

Mr. Walter Hargreaves, chairman of the
War Fund Committee, the War Fund Com-
tee and took little or no interest in the
surplus. The Chairman of the meeting was
by any means alone in that respect, most
of the members including Mr. Henson him-
self, who made so much fuss, had little or no
idea of the surplus fund and the advertisement
appeared in the paper, and was handed to the
committee so promptly indulged in no
one except this man might have taken any
part in collecting the fund. The War Fund
Committee was said to be a committee of
the War Fund Committee. The War Fund Com-
tee's letter appeared some weeks ago has
discussed the distress situation and by way of
showing duty to the unemployed, and he
has been treated the War Fund Committee
illumination in a certain part of Rothwell.
Commercial Street is left untouched, but
the Committee has been told that the War
Fund Committee has been put in all the
lamps. It seems that the Chairman and mem-
bers of the War Fund Committee are
antagonistic to the welfare of the street which
should have first attention.

I should like to suggest to the writer of the
letter to the Editor of Commercial Street
that he ought not to add to the above
distress. The War Fund Committee is a

MIRFIELD UNITED v. OULTON

MIRFIELD UNITED v. OULTON

The Ows paid a visit to Mirfield with a very weak team on Saturday afternoon last. The substitutes were Bridges J Holmes, Bentley and Bradley, whose vacancies were filled by Debono, Bradley and A. Holmes. Oulton started with only ten men. Bradley failed to turn up. The visitors lost the team and played against the wind and slope; the Mirfield immediately attacked. After several unsuccessful shots, the home team were awarded a penalty, Loughbottle scoring a goal. The Ows made their incursions into the home half, but all their attacks were of no avail, the backs driving them back repeatedly. Oulton, by a good

The above match was played on the Old 18-11

The above match was played on the Oldfield Ground, Wortley, on Saturday last, before a very large attendance of spectators. It started for Lofthouse against the wind and the visitors took up an attacking position but had shooting spoiled all round and the home bats cleared easily. It is stated however that Lofthouse were

dropped owing to the absence of four of
 its regular players, the most notable being
 Green and J. W. Hirst and owing to this

disappeared owing to the absence of four of the original players. The most notable being George Prater, and V. W. Hirst, who showed the forwards were disgraced. Despite the fact that they had a weakened side they showed more prominently than the homesters in opening portion and made repeated attacks on the goal, but Hirst's shooting power was greatly missed. Atkinson occasionally showed glimpses of form at outside right. Baving generally had him under control and was a good horse in himself for the forwards. His general play after winning the Lothbache backs plenty of play. In length, however, the evergreen Reuben failed put his side in front and it appears he must be to Lothbache, what Albert did to be Hunslet, despite his critics. His side lived up considerably after the Bright and Stanton defended cleverly the Wortleyites and Gill and S. Heyland were the mainstay on the Lothbache left, but www.sports.com.

WE are always pleased for our friends to call and see our Show-rooms, because by no other means can they realise so well what a marvellously varied and charmingly-beautiful selection of furniture and everything necessary for the home we have. It is better to send for our Illustrated Catalogue first, not that this conveys in any adequate degree the largeness of our stock, but it is an exceedingly useful guide. We have had fifty years' experience of the furniture trade, and our knowledge, experience, advice, and suggestions are freely at the service of our friends, and there is surely satisfaction in dealing with a firm whose name is a synonym for integrity.
